I am against this reorganization. I have a grandfathered in plan and even though I was told by Blue Cross that it would not affect my plan, I do not necessarily believe that. The information that I received said it will not result in increased premiums or reduced coverage under your In Force Policy in the Policy Year which means to me that it can change for the next policy year. I have had my policy for at least twenty years and would like to keep it regardless of what happens. We all know a verbal assurance means absolutely nothing. It would be wonderful if I could get that in writing.
