Your Message	<p>Dear Mr. David Caldwell, I am writing to you in regards to the Blue Cross/Blue Shield by out by Elevance, a for profit company. I am deeply concerned that as a retired teacher of the Lafayette parish school system and soon to be seventy years old that my health insurance coverage may not be adequate. I am very satisfied with the coverage that BCBS has provided. I am afraid that my premium will increase substantially, and I will have to change doctors because my doctors won't accept Elevance. I strongly urge that you listen to the policy holders of BCBS and not allow the deal to become a reality. Thank you for your attention to this concern. Sincerely, Margaret A. McCullough</p>
