Subject: Conversion of BCBSLA from a mutual insurance company to a stock insurance company-Elevance Health

It appears that Elevance Health (Anthem Blue Cross Blue Shield) has accrued allegations of questionable business practices which are not in the best interests of patients, health care providers, etc. If allegations such as denials of claims, failure to reimburse health care providers, lengthy delays in reimbursement, etc. are true, Elevance Health deserves a thorough investigation. The sale of BCBSLA to Elevance should be postponed or canceled pending a determination of whether such a transaction can meet the needs of its members and clients. Thank you for your consideration of this matter.
