Commissioner of Insurance  
Legal Division

Dear Mr. Caldwell:

I believe that Blue Cross and Blue Shield should stay as they are.

I went on the Internet and saw that Elevance Health is known for taking over insurance companies and raising the premiums.

Blue Cross is a good company and I am pleased with how they operate.

I also don't see where the reorganization will help the people with policies with Blue Cross.

I believe that Louisiana should vote against the reorganization.  
Thank you for considering my suggestion.

Sincerely yours,
